EDUCATION

San Diego State University San Diego, CA
Bachelor of Science in Computer Science Expected May 2029
GPA: 3.82 | Planned minors: Mathematics and Economics
Relevant coursework: Unix/Linux Systems Administration; Fundamentals of Digital Security and Privacy; Data Structures and Algorithms; Computer Organization

TECHNICAL SKILLS

Languages: C++, Java, Python, C, Bash, JavaScript, HTML/CSS
Systems: Linux, OpenBSD, FreeBSD, AlmaLinux, Ubuntu, OpenIndiana, AIX, macOS, Windows
Tools: Git, GitLab, Docker, Proxmox, Microsoft Azure, Ansible, VS Code, Nmap
Infrastructure: DNS/BIND, LDAP, PKI/TLS, SSH, NFS, nginx, virtualization, networking

TECHNICAL PROJECTS

Unix/Linux Administration Infrastructure CS 470 Coursework
- Built and administered a virtual lab spanning six Unix/Linux operating systems, including BSD, Linux, and commercial Unix environments.
- Configured DNS, LDAP authentication, PKI/TLS certificates, SSH, NFS, mail, centralized logging, and Docker-based web services.
- Used Ansible for multi-host configuration; managed virtualization, backups, restores, and migrations with Proxmox; deployed GitLab and worked with Microsoft Azure.

Personal Portfolio Website In Progress
- Developing an Astro and CSS portfolio for professional information, technical projects, and CTF writeups; using Git to learn version control.

CYBERSECURITY ACTIVITIES

SDSU Cyber Defense Team | Member Fall 2025 - Present
- Practice Linux administration, networking, service enumeration, account hardening, log review, and service validation in defensive exercises.
- Participated in two CCDC invitationals, working through hands-on defensive security scenarios with the team.

National Cyber League Three Sessions
- Participated in individual and team challenges involving networking, cryptography, log analysis, and security troubleshooting.

SDSU Cybersecurity Clinic Fall 2026
- Accepted into the clinic to develop applied cybersecurity skills alongside coursework and Cyber Defense Team activities.

EXPERIENCE

Target | Guest Advocate May - August 2026
- Worked approximately 20 hours per week supporting cashier, Drive Up, and Order Pickup responsibilities.
- Processed transactions, assisted guests, and coordinated pickup orders with front-end and fulfillment team members.

CERTIFICATIONS AND TRAINING

Google Cybersecurity Professional Certificate - In progress
CompTIA Security+ - Exam preparation in progress
